

TOTAL COMMUNICATIONS ®

TC2000B Series PABX

TC2000B-864

TOTAL COMMUNICATIONS ®

HIGHLIGHTS:

- **EASY TO INSTALL** – JUST LIKE INSTALLING YOUR COMMON HOUSE PHONE
- **ONE-YEAR FULL WARRANTY** – 1 YEAR WARRANTY ON PARTS & SERVICE
- **PRACTICALITY** – ALL THE IMPORTANT FEATURES OF A TELEPHONE SYSTEM AT A REASONABLE PRICE

STANDARD FEATURES:

- **CALL TRANSFER** - External calls can be transferred to any other extension. The external call is first placed on hold and the answering party can dial the extension number of the intended recipient. At this time, the answering party can consult with the intended recipient whether to accept or reject the external call.
- **ON-HOLD MELODY DURING CALL TRANSFER** - When transferring, an external call can be placed on hold where it will hear 'on-hold' music. This notifies the caller that the call is active and is being attended to.
- **INTERCOM** - Extension to extension calls can be made without utilizing an outside line. This feature is very useful especially when extensions are far apart.
- **CALL PICK-UP** - Assuming operator function is enabled; an extension (not an operator extension) can pick up a call by dialing the 'Call Pickup Code'.
- **CALL RESTRICTION** - Enables to restrict or bar certain

types of calls to and from the phone, i.e. outgoing calls (outgoing long distance calls or outgoing international calls).

- **AUTOMATIC LINE ACCESS** - To make an external call, a user just picks up the phone to automatically get the next free line. No need to check which line is or is not available.

UNIQUE FEATURES :

- **COST EFFICIENT**
Works with most landline phones
- **EXPANDABILITY**
Can be upgraded up to 128 locals
- **CALL-ACCOUNTING SOFTWARE (OPTIONAL)**
Monitor status of cos/locals anytime. ANYTIME.
All calls made will be logged for billing / Accounting purposes later
